Orphanage

Desolated by the atrocities of the civil war, the enemy has robbed the children of peace, hope, a sense of normality and a healthy childhood, that all children deserve.

Clean clothing, education, three balanced meals a day, but mostly parental love and emotional stability are the great needs that have to be met.

There are now more than 300,000 children orphaned or birthed out of rape in the last 8 years through the Jihadis and extremist groups.

Just in the area of Aleppo alone, 85,000 of these orphan children are trying to

survive in the midst of a post-war zone, an entire generation broken by the atrocities of war.

Our heart is to provide a safe environment for these children orphaned by war, a house where they will be clothed, educated, loved, nourished and brought up in the ways of the Lord.

As the children are the future of Syria, our hope is to bring them up to become healthy, responsible and educated adults that will in turn rebuild their nation. Therefore helping these orphans would mean securing the future of Syria.

Partner with us to build 3 orphanages: In Damascus, Homs and Aleppo

Each orphanage will cost **US\$700,000** and will house approximately 100 children including helpers and teachers. Additionally, each child will need about **US\$50** per month for education, clothing, food and daily maintenance.

If you have a heart for these displaced children and want to help secure their future, please send your donation seed indicating "Orphanage" to:

Bible School in Damascus

God is revealing himself to more and more people in the Middle East, especially in Syria. Amidst the desolation of war, many are ready to receive the hope of the gospel by choosing to follow Christ.

In the Damascus Lighthouse, we will establish a Bible School, that will train these converts in the ways of the Lord through scriptures to fulfil their God given destinies; be it evangelists, teachers, apostles or prophets.

The Bible School students will be staying at the school located at the Da-

mascus Lighthouse for one year to be trained by teachers sent from different nations to disciple them.

We believe that well disciplined students will in turn disciple other students, after being trained to become well equipped and spirit filled teachers themselves.

We will be training 20 teachers per year at the Bible School. Together with partnering organisations we will provide accomodation and teaching materials necessary for the training.

Partner with us to disciple and train the new believers in Syria!

Any contribution will be a great aid as we partner to fulfil this vision.

If our vision of establishing a Bible School in Damascus is resonating with your heart, please indicate “BSD” and send your donation to:

Families, Widows and Refugees

The economy, society and constitution of Syria have been severely broken from the atrocities of war over the last 8 years. However many aid organisations who were willing to help, were not able to release their resources fully, due to the sanctions imposed towards their homelands. This results in the devastating fact that Syria remains broken in her present state.

As such, we want to join hands and unite our abilities to provide the aid needed to rebuild the nation of Syria. We have built a network that pools the competences of many different organisations together, so that we can help as effecti-

vely as possible.

The needs are tremendous and harrowing. Here at FHN, we are trying to help the refugees, families and widows to survive. With many displaced from the civil war; clothes, food, clean water, daily necessities and housing are tremendous needs that we are going to meet.

We cannot even begin to fathom the amount needed for the refugees. Therefore any contribution will be vitally helpful at this time. Moreover, we will be teaching work skills to widows and their grown up children so that they can look for jobs in order to sustain themselves.

Supporting a family:

A family of 5, consisting of parents and 3 children will need **US\$150** to live.

Supporting widows:

It will take about **US\$100** per month to teach them work skills.

Supporting refugees:

Any contribution will be helpful.

Damascus Lighthouse

“As Saul drew near to Damascus on his journey, suddenly a light from heaven flashed around him and he fell to the ground...” Acts 9:3

Our vision for the Prayer House to be established at the Straight Street in Damascus is to put a sword to the ground from where His light will shine out of Syria. Desolation will be replaced by hope and hopelessness will be replaced by faith. Therefore it will be called „Damascus Lighthouse”.

Like many of you, who are experiencing the exponential speed which the Lord is moving in, we cannot begin to describe the greatness of what the Lord has done in the recent years right up to these recent months.

The Lord is equipping us as He accelerates the happenings regarding the Middle East, both spiritually as also

revealed in the natural.

The time for the Middle East has come, in which the Lord is going to reopen the ancient wells, which have been dug by the apostles and the first fathers in historical Syria.

Especially the hidden gem Damascus, a diamond in the rough covered by layers of dust from the enemy, will step into her fullness.

The Lord is going to reveal Damascus’ spiritual treasures again, like the time in which the Lord appeared to Apostle Paul on the Road to Damascus for the salvation of the Gentiles. We feel that the Damascus Lighthouse will host many nations which will be a womb to birth His purposes out of the midst of Damascus.

Moreover, this will be where the Bible School for converts will take place.

Purchasing and renovating the house will cost about **US\$1 million**.

Led by God, we are now in the process of purchasing a building for the Prayer House at the Straight Street in Damascus.

If this vision resonates with your spirit and heart and you would like to partner with us, please send your donation seed indicating “DL” to:
